ABOUT THE VISUALIZER

3D ARTIST &
ARCHVIZ LEAD

Passionate architectural 3D visualizer specialized in high-end photorealistic exterior and interior renderings.

Architect-backed 3D visualization specialist helping architects, interior designers, and real estate developers win competitions and sell unbuilt spaces faster. Combining precise architectural accuracy with cinematic lighting, photorealistic textures, and AI-driven workflow efficiency.

EXPERIENCES

WORXKLAB STUDIO

Delivering high-end photorealistic 3D renderings, cinematic animations, and AI-enhanced architectural visualizations for international clients.

2026 - PRESENT

ARCHITEKT SCHEIBENREIF

3D Designer, ArchVis Artist & Graphic Designer

Produced photorealistic interior/exterior visualizations, 360°

2017 - 2026

FREELANCE VISUALIZER

Junior 3D Generalist

Developed core ArchVis workflows while delivering 3D modeling,

2015 - 2017

HOW WE WORK

SIX STEPS,
SAME
DISCIPLINE

1

3D MODELING

We build detailed 3D models of your projects, from simple

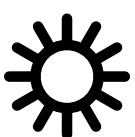

2

SCENE SETUP

We take your model or plan and lock camera angles that

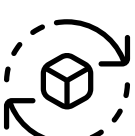

3

MATERIAL & LIGHT

Real material references and daylight studies are tested

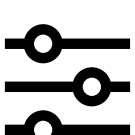

4

RENDERING

Full-resolution passes at 4961×3508, rendered clean and

5

POST PRODUCTION

Color, atmosphere and final touches — delivered as a

6

AI Optimization & Enhancement

Leveraging AI for texture refinement, detail upscaling, and
